

B2B | BENCHING

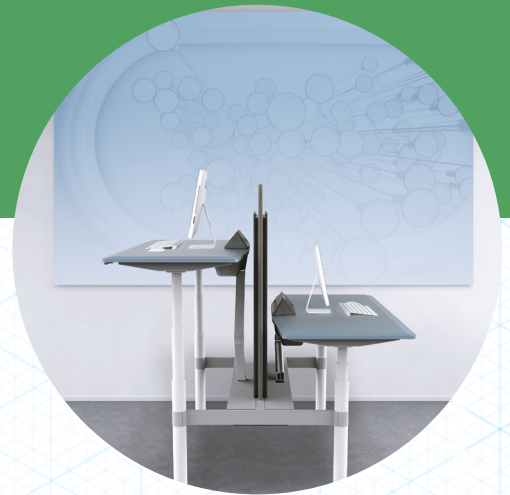

A simple, yet elegant desk system. Add a global touch to your workspace with the circular leg design of our internationally inspired Global collection.

BACK-TO-BACK 4L

Aesthetic and Smart, the Global Back-to-Back desk frame seats two users facing each other.

BENCHING 8L

Aesthetic and Smart, the Global Benching desk frame connects users together, reduces your real estate footprint, and delivers seamless cable management.

Round Telescoping Leg:

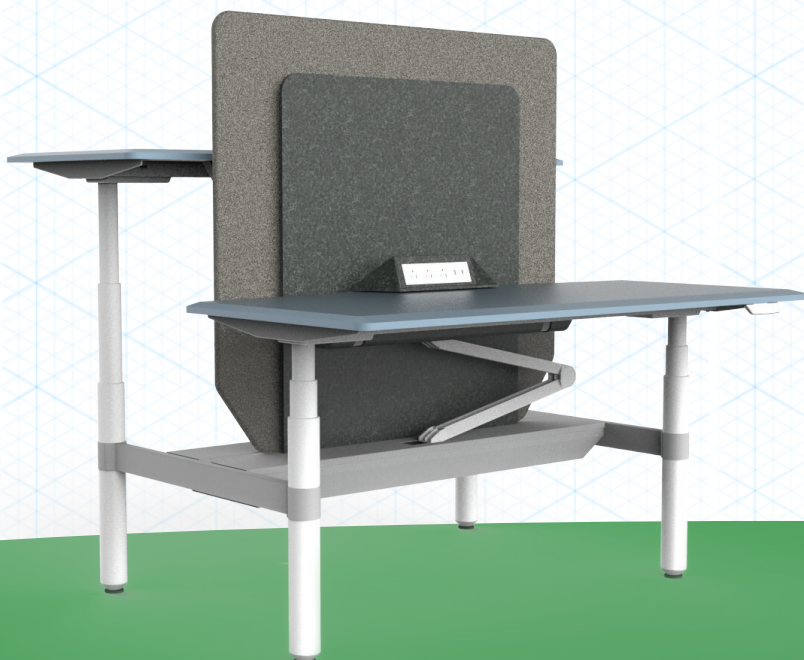

A tubular leg design that provides a timeless aesthetic for any workspace.

Intelligent Performance:

Designed and engineered with ZGO Solutions' Smart System components, the Global collection provides 5x faster installation, fewer parts and materials, and endless design options.

Effortless Combinations:

This robust system enhances workspaces using freestanding models in a 2 or 3 leg design, back-to-back, and benching applications – available in both standard and custom color finishes.

Smart System Product

Product Options:

The Global Collection is a round column (large column at base) height-adjustable table available with 2 different column to frame assembly methods:

- the traditional assembly option with standard screw attachments
- ZGO Solutions' patented smart/quick assembly with an innovative lock & click handle bar attachment

BACK-TO-BACK / ELECTRIC / 4-L / 4-M

 Leg Quantity 4 Leg

BENCHING / ELECTRIC / 8-L / 8-M
