

B2B | BENCHING

An entire portfolio of table solutions. Our passion for health, wellness, and balance comes to life with the new triangular design of the Zen family.

BACK-TO-BACK 4L

Aesthetic and Smart, the Zen Back-to-Back desk frame seats two users facing each other.

BENCHING 8L

Aesthetic and Smart, the Zen Benching desk frame connects user together, reduces your real estate footprint, and delivers seamless cable management.

Shared Design Logic:

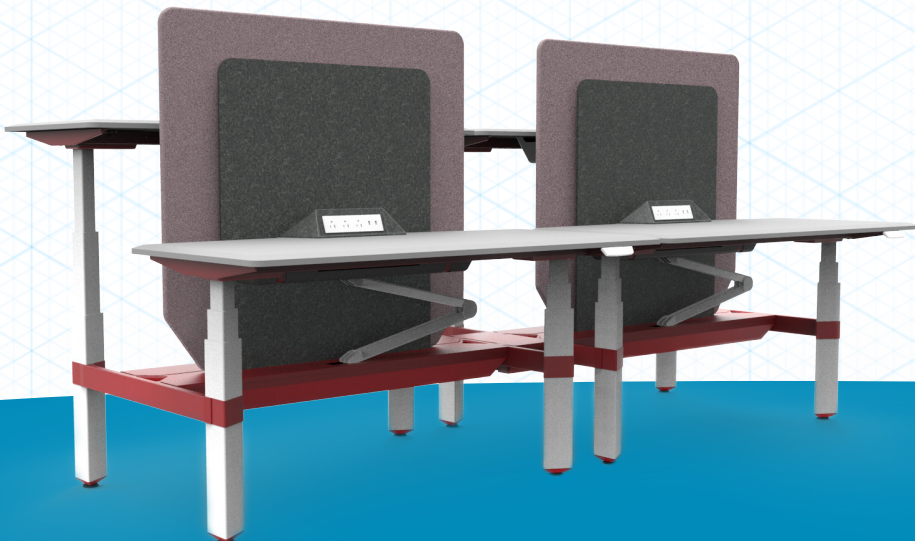

An expansive family of products based on a consistent design language, from single-leg tables, to freestanding desks and benches, to executive and collaborative meeting tables. The Zen family of products supports any workspace on the floorplate with a single, cohesive design.

Intelligent Performance:

Designed with ZGO Solutions' highly innovative and scalable Smart System components, it allows for 5x faster installation, concealed plug and play power, smart screens, cable management, and more. Zen is also the only desk system with a self-cleaning function for electric legs.

Triangular Legs:

Zen's unique triangular design offers the highest levels of stability and balance. With its triangular shape and support band, Zen provides the strongest connections of any of our products.

Smart System Product

Product Options:

The Zen Collection is a triangle column (large column at base) height-adjustable table available with 2 different column to frame assembly methods:

- the traditional assembly option with standard screw attachments
- ZGO Solutions' patented smart/quick assembly with an innovative lock & click handle bar attachment

BACK-TO-BACK / ELECTRIC / 4-L / 4-M

 Leg Quantity 4 Leg

BENCHING / ELECTRIC / 8-L / 8-M

 Leg Quantity 4 Leg per unit

Smart System

An intelligent and innovative approach to height adjustable table frames, the Smart System includes accessories and components for seamless installation.
