

FREESTANDING 2L, 3L

A simple, yet elegant desk system. Add a global touch to your workspace with the circular leg design of our internationally inspired Global collection.

FREESTANDING 2L & 3L

Simply beautiful. Add a global touch to your desk design with our Global Freestanding desk frame. Perfect for creating rearrangeable single-user setups in both a commercial and residential environment.

Round Telescoping Leg:

A tubular leg design that provides a timeless aesthetic for any workspace.

Intelligent Performance:

Designed and engineered with ZGO Solutions' Smart System components, the Global collection provides 5x faster installation, fewer parts and materials, and endless design options.

Effortless Combinations:

This robust system enhances workspaces using freestanding models in a 2 or 3 leg design, back-to-back, and benching applications - available in both standard and custom color finishes.

Smart System Product

Product Options:

The Global Collection is a round column (large column at base) height-adjustable table available with 2 different column to frame assembly methods:

- the traditional assembly option with standard screw attachments
- ZGO Solutions' patented smart/quick assembly with an innovative lock & click handle bar attachment
